Compare the quality of the printed test page with the sample shown below. If there are no print quality problems, the Stylus Photo RX600 is fine and the problem probably lies with the printer software settings, the application settings, the USB cable (be sure to use a shielded cable), or the computer itself.

RX620 used to be the highest end photo all-in-one in Epson line up a few years ago. From my point of view it still retains its unbeatable value. Many advantages have been pointed out by other reviews. So I will add only some value points less mentioned. 1. Photo print quality is superb. This is all-in-out but its photo is as good as photo printer.
