The hydrovane HVRS Series enclosed variable speed rotary vane compressor line offers world class flexibility and reliability, and the smallest footprint of any rotary compressor in the industry. Slow speed direct drive operation, coupled with few moving parts means less components to fail and no power loss through belts or gears.

Rotary Vane Compressors | Hydrovane | Gardner Denver

The Hydrovane 5/15 range (now HV01/HV02) are available in both single and three phase versions. I believe that to run a 3phase version on a inverter you would need to oversize the inverter as Hydrovanes need 100% power input.
