### Weber Carburetor Kits & Weber Replacement Carburetors ...

One of the main issues with Weber installs is that they do require a level of "tuning in" to make the carb work with the engine - no two are alike and the carb is sensitive enough to show it . I wish Redline and WorldPac would have researched more on cfm requirements for these engines as the 38mm carb is not enough - it should have been a 40-42mm running 28-30mm venturis and not the 27mm ...
