Working With Faculty To Design

With the growth in hybrid and online courses and the introduction of open educational resources, active learning concepts and new learning spaces, it is an exciting time to be an instructional designer in higher education. More faculty members need help rethinking course activities, materials and assessments.

3 Keys to Engaging Faculty in Instructional Design ...

To that end, San Diego State launched a robust professional development program called the Flexible Course Design Summer Institute, where instructors have learned on the fly how to teach more effectively in the “new normal” environment. “There are small groups of faculty who are working with one peer mentor,” Frazee says.
